ACCOUNTING

FRANCHISE - CONTEMPORARY MODEL OF BUSINESS OPERATIONS

The market expansion is often limited due to lack of resources. One model, trying to overcome these obstacles is the franchise, i.e. franchising.....3

BILL OF EXCHANGE PAYMENT INSTRUMENT AND SECURING PAYMENT

The obligee may use instruments to secure collection such as: bank guarantee, credential, bill of exchange, debentures, mortgages and other. The bill of exchange is a universal instrument for securing payments and payment used in business worldwide..... 11

TAXES

COMPENSATING TAX DEBT WITH OVERPAID TAX

Tax debt may cease: by compensating tax receivables and tax debts of the same tax payer, and when another tax payer takes over the debt, by agreement and a notarized statement.....27

SALARY AND ALLOWANCES

CALCULATION OF CONTRIBUTIONS TO SELF-EMPLOYED PERSONS

For self-employed persons the base for calculation and contributions payment is the monthly advance payment, i.e. the lump-sum determined net income for which the tax is paid, in accordance with the Law on Personal Tax.....41

LABOUR RELATIONS

TERMINATION OF EMPLOYMENT CONTRACT DUE TO BUSINESS REASONS

The employer is forced to reduce the number of employees by canceling the employment contract for business reasons, when due to business reasons, the situation requires organizational changes in the companies in order to reduce the work expenses.....44
